About the Marriage Conference

Session:

‘Advanced Marriage Training Seminar for Couples: Determining Your God Ordained Purpose’, a much-awaited seminar by Dr. Derrick L. Campbell, is set to be held on April 14 at the Deliverance Temple Asbury Park, NJ from 6:30pm to 8:30pm. Per sources, Dr. Derrick will be speaking on leadership principles necessary to determine and develop the God ordained purpose for your marriage. He will also explain why applying these leadership principles are important for a successful marriage.

Dr. Campbell has written several books on the same. These are titled 'Leading Your Marriage into the Promised Land', 'Leading Your Marriage into the Promised Land Workbook for Husbands', 'Leading Your Marriage into the Promised Land Workbook for Wives', and 'Advanced Marriage Training for Singles'. The books are available on the biggest online marketplace - Amazon.com as well as his website.

When contacted, Dr. Derrick said, *"I wrote these books to stop divorces for married couples and to help singles to make a better choice when choosing a spouse to stop divorces. Everyday couples are making the choice to separate and eventually become divorced. This trend has a traumatic impact on the family and the society that we live."* He further added, *"The books will*

help couples to understand the source of conflict between couples and how to overcome marriage challenges by working together as a team."

Dr. Campbell has a verified capability to guide and build up married couples and singles. He has been providing expert leadership views and opinions about marriage. He talks about the original purpose of marriage, the source of many marriage problems, and how to overcome those problems.

When contacted, Bishop Peter Morgan said, *"I think that this is a very useful seminar. I recommend it to any couple, any church, anywhere."*
